

Seeking Consultant/ Consultancy Firm

Background:

The Centre for Disability in Development (CDD), in partnership with Malteser International (MI), is implementing the ToGETHER 2.0 project, supported by the German Federal Foreign Office (GFFO). The project aims to strengthen local humanitarian actors, promote equitable partnerships, enhance organizational capacity, and support locally led and people-centred humanitarian action.

Under ToGETHER 2.0 project, CDD is supporting three Local Peer Humanitarian Partners (PHPs) under the component peer mentoring:

- Sangathita Gramunnyan Karmasuchi (SANGRAM), Barguna
- Manikganj Disabled Peoples Organization to Development (MDPOD), Manikganj
- Grameen Jano Unnayan Sangstha (GJUS), Bhola

As part of the organizational strengthening process, CDD intends to support each PHP in developing a organizational Strategic Plan and review some policies.

The three organizations have different institutional histories, mandates, geographical locations, program experiences, capacities, community contexts and organizational priorities. Therefore, the strategic planning process should be organization-led, participatory and context-specific, rather than developing a common or standardized strategy for all three PHPs.
